OUR PROFILE

OUR PURPOSE

As one of the largest global insurers, our purpose is to **act for human progress by protecting what matters.**

**ENVIRONMENTAL AND SOCIAL MANAGEMENT SYSTEM**

In line with our mission statement, which requires us to test our activities with standards of excellence, the company has implemented a robust Environmental and Social Management System (ESMS). The essence of our policy approach is to ensure that all projects or transactions which the Company is executing, underwriting and funding comply with our environmental and social commitments, as well as with other applicable local and international standards.

Aside from the above requirements, and in pursuit of the Company's mission of being "the leading African financial

services provider, delivering superior solutions to our customers while exceeding stakeholders' expectations", it behooves us to take a more serious look at the environmental and social impacts and risks potentially associated with our business activities.

We are proud to be the first

Nigerian Insurance Company to implement an ESMS which would enable us to achieve superior shareholder performance through environmentally and socially sustainable operations.

## OUR PROFILE

### OPERATIONAL STRUCTURE

# Corporate Social Responsibilities

## CORPORATE SOCIAL RESPONSIBILITIES

Our business is to protect people over the long term. In this business, trust and solid relationships are paramount. Corporate Responsibility is the demonstration, step by step, day by day, that, through our actions, we deserve the trust of our stakeholders. We want Corporate Responsibility to be part of AXA Mansard's fundamentals. We want to make it a reality for all our stakeholders, not just a concept.

This means designing reliable solutions to meet the needs of our customers, managing risks in a professional way, treating our partners fairly, developing a work environment built on strong values, inclusion, and trust. We also believe that we have a role to play in protecting the environment, supporting the communities in which we operate, and more broadly in helping to create stronger and more sustainable societies. This is part of creating a sustainable, long-term business, and becoming the preferred company for our customers, employees, and other stakeholders.
